**Kenner, LA 70062**

Dear Sir/Madam,

First, I would like to take this opportunity to thank RYCARS for their support of Travis Roofing Supply since our first days of operation at the New Orleans branch. Travis Roofing Supply has been involved with many contractors, our dealings with RYCARS have been extremely pleasant and mutually beneficial to both companies. The strength of RYCARS organization is a credit to upper management's ability to recognize quality people that we have the pleasure of working with daily. RYCARS has clearly established itself as a force in the commercial roofing community and a valuable addition Travis Roofing Supply's customer list. On behalf of everyone at Travis Roof Supply we appreciate the business and look forward to growing our relationship with RYCARS Construction.

Sincerely,

Brian Robichaux  
Owner/Partner
